

AMERICANS WHO ARE PAYING EXTRA FOR SATELLITE RADIO HAVE THAT RIGHT TO HEAR WHAT THEY WANT. We choose to pay extra for it, it's our business. We love XM radio. People must be 18 before they may purchase XM radio. Adults certainly have the right to listen to Playboy if they want, if parents are irresponsible and allow their kids to hear it because they want to listen to it in the car, then don't allow them to keep their kids, but no one has the right to restrict everyone. XM radio is great entertainment and hurts no one. The weather channel keeps us safe!
